

Greetings From Talcott Summer Fun!!!

Dear Mom & Dad,

It's been a great summer here at The Talcott Center for Child Development! Camp is winding down and we're finishing up with "Digging With Dinosaurs" week! This year, we were able to go to 2 great Talcott summer camps: one in Farmington and one in Canton!

Camp began with "A Camping We Will Go" where we set up camp Talcott with tents, sleeping bags and all that is outdoorsy! We sang camp songs, played camp games and learned all about nature through great art projects. Week two we traveled to medieval times to explore fairy tale princesses, knights and dragons for a "Celebration at the Castle"! Then, for week three we saddled up the horses and set forth "Heading Out West" for a week of cowboy stories, rodeos and finished up with a fabulous fiesta! Week four we jumped into our space helmets and ignited our rockets to go "Blasting off to the moon"! There we painted our very own space helmets and explored the galaxy with our space suits in tow. Just when we thought we couldn't have any more fun, it was time to throw on our flippers and goggles because for week five, "Under the Sea is where I'll be"! That's right...we made seashell picture frames, had a jellyfish toss, made water toys and painted the most beautiful seascapes imaginable. When we finally made our way back to land, we discovered all that "Our Community" had to offer. We actually got to make pizzas at Murphy and Scarletti's restaurant! We sent our own mail, read stories about the dentist and then made giant teeth!

As I finish up with Dinosaur week, I can't wait to get back to school and tell my friends all about my summer with the Talcott Center.

Imagine...

Thank you to all who participated in this year's camp! See you next summer...
